

Help your child get to sleep quickly and easily AND earn money for your school

Too little sleep for children has an adverse effect on behaviour and learning and causes stress for children, parents and teachers.

Many parents struggle with their child's bedtime routine. A long drawn out bedtime routine is stressful for everyone. Children need good sleep and parents need downtime and relaxation in the evening.

Sleepy Storiezzz is a quick, easy and effective way to help children get to sleep.

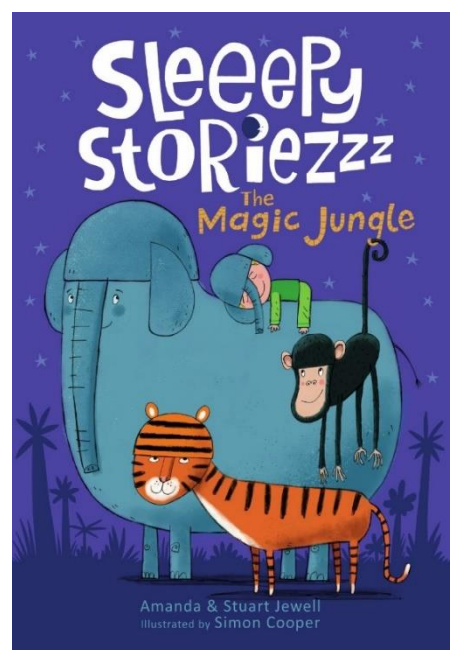

Sleepy Storiezzz users say:

"The most amazing book. My girls go to sleep brilliantly every night. Now 2 friends have bought the book and it's working great for their children too!"

"When struggling with getting my little girl to sleep I decided to look at alternative routes. I am so glad I stumbled upon Sleepy Storiezzz it has worked a dream and made bedtimes not as daunting for either parent or child! Highly recommended"

"I'm so glad I've found Sleepy Storiezzz for my kids, I like many other parents have had problems getting them to sleep and this has made it so much easier. Fantastically written and highly recommended to all parents out there! Can't wait for more!"

Sleepy Storiezzz is a unique book using special techniques and we know you'll be amazed at the results.
